

INDEX.

- Abbot, intermittent fever treated by iodide of potassium, 165
 Abdomen, eruption on, discharging a milk-like fluid, 74
 Absinthe, 93
 Acouoxylon, 29
 Acupressure at New York Hospital, 58
 Adams, stricture with abscess in perineo, 145
 Albuminuria, argentine, 46
 Amaurosis, tobacco, 156
 Amblyopia cured by strychnia, 142
 American Medical Association, proceedings of, 81
 ————, library of, 152
 Ammonia, injection of, into circulation, 121
 ————, muriate of, in nervous affections, 140
 Ammonium, iodide of, in glandular disease, 119
 Amputation, ergotine after, 62
 Aneurism of aorta, 10
 ————, popliteal, in a diabetic, 92
 Angina pectoris depending on occlusion of mouths of coronary vessels, 26
 Angiæ, cardiac neuralgia, 6
 ————, epileptic paroxysms arrested by quinia, 106
 Antiseptic method, 9, 22, 42
 Aorta, aneurism of, 70
 ————, ligature of abdominal, 78, 154
 Aortic regurgitation from injury to valves, 21
 Apomorphia, 121
 Aquapuncture, 181
 Archives of ophthalmology and otology, 153
 Arteries, acute inflammation of cerebral, during syphilis, 163
 Association of American Medical Editors, 88
 Atropia, poisoning by, 14
 Bacon, abscess of cheek extending into skull, 27
 Baillie, ice in chloroform accidents, 181
 Bamberger, cold-water treatment of typhoid fever, 105
 Barker, puerperal convulsions, 5
 Bauer, purpura in children, 109
 Berkeley, pathological fungology, 10
 Biegel, treatment of epilepsy, 25
 Billroth, death from chloroform, 1
 Blachey, thoracentesis, 62
 Bladder, absorbent power of, 157
 Blood gland, marrow as a, 109
 Blood, new colour test for, 75
 Blunders and misquotations, 178
 Bonjean, ergotine after amputation, 62
 Bouchut, ophthalmoscope in diseases of spine, 141
 Bourneville, effects of Calabar bean, 155
 Bread-making, 77
 Bricheateau, treatment of syphilis by hypodermic injection of mercury, 92
 Bright's disease, lime-water in, 140
 Bromide of potassium, cutaneous affections cured by, 171
 ———— in sleeplessness of infants, 6
 Broughton, excretion of carbonic acid by living plants, 110
 Brown, digitalis as a diuretic, 168
 Brunton, action of digitalis on kidneys, 108
 Bryant, hip disease, 113, 129
 Burns, glycerine in, 154
 Calabar bean, effects of, 155
 ———— in tetanus, 26, 142, 150
 Camphor, as an application to chanere, 108
 Carbolate of lime in pertussis, 22
 Carbolic acid in surgery, 9, 42, 118
 ———— in malarious fever, 45
 ———— as a febrifuge, 168
 ————, effect of, on parasites, 168
 Carbonic acid, excretion of, by living plants, 110
 Carbuncle, on treatment of, 33
 Cardiac neuralgia, 6, 26
 Caries, on operations for, 22
 Carpenter, ocean life at great depths, 30
 Cataract, treatment of, by phosphorus, 62
 Catarrhus vesicæ, 26
 Caustics, interstitial injection of, 157
 Caustery, collodion to limit effects of actual, 157
 Cerebral arteries, inflammation of during syphilis, 163
 ———— tumours, death by hemorrhage from, 177
 Chairon, hysterical phenomena, 171
 Champouillon, camphor as an application to chanere, 108
 Chanere, camphor as an application to, 108
 ————, electricity in phagedenic, 154
 Chauvand, iron sugar, 121
 Chauveau, contagion of consumption, 74
 Cheek, abscess of, extending into skull, 27
 Chloral, 167
 Chloroform, accidents, ice in, 181
 ————, combination of, with opiates for relief of pain, 107
 ————, deaths from, 1, 23, 60, 89, 103, 118, 165, 180
 ————, in urine, 95
 ————, threatened death from, 153
 Cholera, fungus, 143
 ————, internal strangulation mistaken for, 47
 ————, prophylactic action of copper in, 181
 Chorea, cured by ether-spray to spine, 141
 China, gratuitous medical advice in, 95
 Circulation, instruments for research on, 110

- Civilization, savage thought in modern, 111
 Clapton, prophylactic action of copper in cholera, 181
 Clark, operations for caries, 22
 Clinical Lectures—
 —, on death from chloroform, 1
 —, on hemicrania, 17
 —, on hip disease, 113, 129
 —, on prolapsus uteri, 97
 —, on stricture with abscess in perineo, —, on treatment of carbuncle, 33
 —, on treatment of fractures of leg, 49, 145
 Coil, Pepper's new induction, 95
 College of Physicians of Philadelphia, 23, 70
 —, library of, 179
 Colleges, uniform scale of charges by medical, 104
 Collodion, new styptic, 143
 —, to limit effects of actual cautery, 158
 Consumption, contagion of, 74
 Contagion, microscopic fungi as a cause of, 109
 Contraction of limb cured by atropia, 142
 Convulsions, puerperal, 5
 Copper, prophylactic action of, in cholera epidemics, 181
 Coxalgia, Bryant on, 113, 129
 Croup, copaiiba and cubeba in, 154
 —, local treatment of, 121
 Culinary vessels, adulteration of, with lead, 13
 Curran, iodide of ammonium in glandular diseases, 119
 Cutaneous affections, caused by bromide of potassium, 171
 —, mercurial plaster in, 168
 Darwinism, 159
 Dauvergne, treatment of herpes zoster by belladonna, 141
 Dead bodies, preservation of, 143
 Death, intestinal ulceration a cause of sudden, 169
 Decaisne, cold water treatment of epilepsy, 154
 Delirium tremens, digitalis in, 8
 —, treatment of, 133
 Demarquay, chloral, 167
 Desprez, contraction of limb cured by atropia, 142
 Detroit Medical College, 6
 Diabetes, opium in, 105
 —, peroxide of hydrogen in, 6, 70, 139
 Diabetic, popliteal aneurism in a, 92
 Diarrhoea in children, treatment of, 140
 —, quinia in tropical, 119
 Dittmann, new treatment for gonorrhoea, 28
 Digitalis, action on kidneys of, 108, 168
 —, in delirium tremens, 8
 Diphtheritic paralysis, strychnia in, 45
 Dumoutier, sleep disease, 8
 Dunglison, obituary notice of Prof., 71, 91
 Dupré, paracentesis thoracis, 107
 Dust of cities, 77
 Elephantiasis arabum, 154
 Enterotomy, 147
 Epilepsy, luxation of humerus from, 70
 Epileptic paroxysms arrested by quinia, 106
 —, treatment of, 25, 154
 Ergot, formula for subcutaneous injection of, 155
 Ergotine after amputation, 62
 Eructations relieved by sulphurous acid, 136
 Erysipelas, oil of turpentine in traumatic, 27
 Ether vs. chloroform, 138
 Eyes, death by forcing air into, 29
 Exanthemata, mode of transmission of acute, 155
 Falot, blue line in saturnine affections, 93
 Femur, excision of head of, 175
 Foot, perforating ulcer of, 108
 Fracture by ointment, 10
 — of leg, lecture on treatment of, 49, 65
 Fungi as a cause of contagion, microscopic, 109
 Fungology, pathological, 10
 Gaseoigne, digitalis in delirium tremens, 8
 Gee, apomorphia, 121
 Gibbes, ligation of internal jugular, 149
 Girard, mode of transmission of acute exanthemata, 155
 Glycerine, treatment of typhoid fever by, 45
 Gonorrhoea, and rheumatism, relation between, 61
 —, new treatment for, 28
 Gout, treatment of acute, 161
 Graduates in medicine in 1869, 58, 71, 118
 Graham, hydrogenium, 63
 —, occlusion of hydrogen by metals, 12
 Gynaecological Society of Boston, 60
 Hackel, monera, 127
 Hair-dyes, poisonous, 78
 — washes, 31
 Halford, treatment of snake-bites, 44
 Hallier, parasites of infectious diseases, 11
 Hammer, treatment of constitutional syphilis by hypodermic injection, 43
 Hancock, perforating ulcer of foot, 108
 Hawksley, instrument for research on respiration and circulation, 110
 Headache, nitrate of silver in, 26
 Heart, on sounds of, 24
 Hemicrania, lecture on, 17
 Hernia, morphia in reduction of, 142
 Herpes zoster, treatment of by belladonna, 140
 Hewitt, prolapsus uteri, 97
 Hip disease, Bryant on, 113, 129
 Honey, adulterated, 113
 Horse meat, 143
 Howard, artificial respiration, 168
 Haber, treatment of diarrhoea in children, 140
 Humerus, luxation of, from epilepsy, 70
 Hungary, mortality in, 126
 Hutchinson, tobacco amaurosis, 157
 Hydatids, jaundice from, 70
 Hydrocyanic acid, test for, 123
 Hydrogen, occlusion of, by metals, 12
 —, peroxide of, in diabetes, 6, 70, 139
 Hydrogenium, 63
 Hysterical phenomena, order of, 171

- Niac, ligation of external, 173
 India-rubber sponge, 47
 Insect, skin eruption caused by, found in damaged wheat, 156
 Internments, prize for discovery of means to prevent premature, 78
 Intermittent fever treated by iodide of potassium, 165
 Intestinal obstruction, 147
 — ulceration, a cause of sudden death, 169
 Iodide of ammonium in glandular diseases, 119
 Iodine, stains of, 12
 Iron sugar, 121
 Irrigation, continued, 174

 Jackson, death by hemorrhage from cerebral tumours, 177
 Jaundice from hydatids, 70
 Jewish race, biostatic immunities of, 124
 Jugular vein, ligation of internal, 147

 Kentucky School of Medicine, 91
 Kidneys, action of digitalis on, 108
 King, carbolic acid in surgery, 9
 —, protoxide of nitrogen as an anæsthetic, 9
 Kuchenmeister, lime-water in treatment of Bright's disease, 140

 Langenbeck, extirpation of uterus for complete prolapse, 109
 Laryngoscopy without mirror, 12
 Lead poisoning, blue line in, 93
 Leared, theory of heart sounds, 24
 Leg, treatment of fracture of, 49, 65
 Legoyt, biostatic immunities of Jewish race, 124
 Letheby, characters of good meat, 63
 Life at great depths, oceanic, 30
 Lime-water in treatment of Bright's disease, 140
 Lissauer, fungi as a cause of contagion, 109
 Lunacy laws, 76
 Lunatics, confinement of, 76
 —, danger of meddling with, 14

 Magnesium, to remove bitterness of sulphate of, 62
 —, Sir James Murray's fluid, 62, 110
 Mallex, aquapuncture, 181
 Marrow as a blood-gland, 109
 Martin, bromide of potassium for sleeplessness of infants, 6
 Maryland, medical faculty of University of, 58
 Maunder, antiseptic ligation of arteries, 22
 —, carbolic acid in surgery, 42
 —, strychnia in diphtheritic paralysis, 45
 Mazade, chorea cured by ether spray to spine, 141
 Meat, characters of good, 63
 Medical Bulletin, 6
 Medical profession, discourteous treatment of, 165
 —, government of, by itself, 138, 151
 Mehu, phosphorized oil, 7

 Meigs, obituary notice of Dr. Charles D., 105, 119, 139
 Mendenhall, carbolic acid, 118
 Mercury, treatment of syphilis by hypodermic injection of, 92
 Methylene, bichloride of, alarming symptoms from inhalation of, 153
 —, death from inhalation of, 180
 Microscope, new mode of preparing objects for, 29
 Milk-like fluid, eruption on abdomen discharging, 74
 Misquotations and blunders, 178
 Monera, 127
 Murate of ammonia in nervous affections, 149
 Museum, catalogue of U. S. A. medical, 5
 Mustard, cataplasms of, 92
 Mütter lectures, 152

 Nævi materni treated by electrolysis, 108
 Nail, treatment of in-growing toe, 101
 Naval affairs, British press on American, 104
 Nervous affections, murate of ammonia in, 140
 Neumann, effects of carbolic acid, 168
 —, marrow as a blood-gland, 109
 Neuralgia, cardiac, 6, 26
 Nicotine, poisoning by, 11
 Niemeyer, acouoxylon, 29
 Nitrate of silver, albuminuria from prolonged administration of, 46
 — in headache, 26
 Nitrogen, protoxide of, as anæsthetic, 9

 Obituary record, 6, 15, 47, 63, 71, 79, 91, 105, 159
 Oil, on phosphorized, 7
 —, value of olive, 7
 Ophthalmoscope in diseases of spine, 141
 Opiales, combination of chloroform with, for relief of pain, 107
 Opium in treatment of diabetes, 105
 Onychia, nitrate of lead in, 168
 Orchitis, treatment of, 169
 Organic synthesis, 12
 Otitis of middle ear in new-born infants, 122
 Ovariectomy in adults, 169
 Ozæna, permanganate of potassa in, 154

 Paget, treatment of carbuncle, 33
 — fracture of leg, 49, 65
 Paracentesis pericardii, 72
 — thoracis, 107
 Parasites, effects of carbolic acid on, 168
 — of infectious diseases, 11
 Parrot, otitis in infants, 122
 Pavy, opium in diabetes, 105
 Pepper's new induction coil, 95
 Pericardium, paracentesis of, 72
 Perineum, central, perforation of, 10
 Pertussis, carbolate of lime in, 22
 Pharmacopœia, national convention for revision of United States, 90
 Philadelphia, medical instruction in, during summer, 58
 Phosphorus, turpentine as an antidote to, 28
 —, treatment of cataract by, 62
 Phosphorized oil, 7
 Phthisis among Lyons silk-weavers, 159

- Physostigma, effects of, 155
 ———, in treatment of tetanus, 26,
 142, 150
 Plants, inoculation of, with tubercular mat-
 ter, 29
 Poisonings at Marseilles, 30
 Porter, rounding of edge of tibia in amputa-
 tions, 158
 Prolapsus uteri, 97
 Puerperal convulsions, 5
 Purpura in children, 109

 Quinia, epileptic paroxysms arrested by, 106
 ——— in tropical diarrhoea, 119
 ———, sweet, 138

 Ramskill, value of olive oil, 7
 Rauvier, mode of preparing microscopical
 objects, 29
 Rectum, case of imperforate, treated without
 cutting instrument, 5
 Regurgitation, aortic, from injury to valves,
 21
 Respiration, Howard's method of artificial,
 164
 ———, instrument for research on, 110
 Rheumatism and gonorrhoea, relation be-
 tween, 61
 ———, treatment of acute, in British
 hospitals, 39, 54
 Richardson, peroxide of hydrogen in dia-
 betes, 6
 Richet, interstitial injection of caustics, 157
 Ricord, forcible dilatation of urethra, 9
 Roberts, eruption on abdomen discharging a
 milk-like fluid, 74
 Rothschild, Baron James de, 15

 Sanitarium, 43
 Saturnine affections, blue line in, 93
 Scabies, treatment of, 169
 Scalp, steatomatous tumours of, 108
 Scarlet fever in London, 181
 Ségalas, absorbent power of bladder, 157
 Sewage, its utilization, etc., 93
 Shedd, treatment of typhoid fever by gly-
 cerine, 45
 Silkworm disease, 15
 Simmons, ether *vs.* chloroform, 138
 Simpson, aortic regurgitation from injury to
 valves, 21
 Skull, fracture of base of, 137
 Sleep disease, 8
 Sleeplessness of infants, bromide of potas-
 sium in, 6
 Smyly, *mævi materni* treated by electrolysis,
 108
 Snake-bites, mortality from, in India, 79
 ———, treatment of, 44
 Socks, poisonous, 13, 78
 Solar prominences, composition of, 30
 Spain, typhus in, 95
 Spine, ophthalmoscope in diseases of, 141
 Steatomatous tumours of scalp, 108
 Stewart, nitrate of potassa in sycoosis, 154
 Stillman, treatment of imperforate rectum, 5
 Stolz, central perforation of perineum, 10
 Strychnia in diphtheritic paralysis, 45
 Styptic collodion, new, 143
 Sugar, iron, 121

 Sulphites, the alkaline, 27
 Sulphurous acid in constant vomiting, 136
 Suppurative fever, transfusion in, 141
 Surgeon-general's report, 23
 Sycoosis, nitrate of potassa in, 154
 Syphilis, constitutional, treated by hypo-
 dermic injections, 43, 92
 Syphilitic lesions of air-passages, tracheoto-
 my in, 61
 Sweet quinine, 138
 Switzer, fracture by ointment, 10

 Talko, amblyopia cured by strychnia, 142
 Tavnigot, treatment of cataract by phos-
 phorus, 62
 Taylor, savage thought in modern civiliza-
 tion, 111
 Tendon, suture of, 123
 Tetanus, physostigma in treatment of, 26,
 142, 150
 Thigh, Walton's treatment of fracture of, 175
 Thoracentesis, 62
 Tibia, rounding of edge of, in amputations,
 158
 Tobacco amaurosis, 156
 Toe-nail, treatment of in-growing, 101
 Tracheotomy in syphilitic lesions of air-pas-
 sages, 61
 Transfusion, 171
 ———, in suppurative fever, 141
 Trélat, tracheotomy in syphilitic lesions of
 air-passages, 61
 Triplets, 28
 Tubercle, experiment on production of, 73
 Tubercular matter, inoculation of plants
 with, 29
 Tumours, death by hemorrhage from cere-
 bral, 177
 Turpentine as an antidote to phosphorus, 28
 ——— in uterine hemorrhage, 142
 Typhoid fever, treatment of by glycerine, 45
 ———, cold water treatment of, 105
 Typhus in Spain, 95

 Ulcer of foot, perforating, 108
 Urethra, forcible dilatation of, 9
 Urine, chloroform in, 95
 Uterine hemorrhage, turpentine in, 142
 Uterus, prolapsus of, 97
 ———, extirpation of, for complete pro-
 lapse, 109
 Uvula, amputation of, 27

 Vaccination, agitators, 170
 ———, animal, 170
 Venom, secondary effects of viper's, 13
 Verneuil, aneurism in a diabetic, 92
 Vision, cutaneous affections caused by bro-
 mide of potassium, 171
 Voillemier, collodion to limit effects of actual
 cautery, 158
 Voltolini, laryngoscopy without mirror, 12
 Vomiting, sulphurous acid in constant, 136

 Wadham, angina pectoris, 26
 Walton, treatment of fracture of thigh, 175
 Watson, ligation of abdominal aorta, 254
 Weber, treatment of croup, 121
 Wheelhouse, paracentesis pericardii, 72
 Wilks, lecture on hemiorrhia, 17
